

LUONG XUAN NHAT

.NET DEVELOPER - FRESHER

My short-term goal is to become a Web .NET Junior developer, gaining hands-on experience and honing my skills in developing web applications using .NET. I aim to learn to work in a professional environment, enhance my knowledge of front-end and back-end development, and contribute to the creation of high-quality web solutions.

My long-term goal is to establish myself as a recognized .NET Developer (Senior developer), participating in complex projects and contributing to the growth of the company in the field of web development.
